

Product Spotlight (Adam Howe)

Why I Love Mission Belt

NO HOLES No worries of stretched-out, ugly, embarrassing holes ever again.

PERFECT FIT Mission Belts adjust every 1/4" unlike traditional belts that only have holes every 1".

NO CRACKS The leather won't crack. It's made with a Crack Free Guarantee. And if you wear a Mission Belt you won't show your crack. Say goodbye to accidental moons

FEED A FAMILY \$1 from every belt goes to fight hunger.

ALWAYS FITS Even when you lose or gain a few pounds Mission Belts adjust with you for the most comfortable fit. So after that big holiday meal just loosen your belt a few clicks for quick and easy comfort.

EASY ON EASY OFF The quality made release lever on a Mission Belt is intuitive and smooth, you'll love the convenience for everyday use.

INTERCHANGEABLE Mix and Match buckles and leathers to make your own unique combinations. We offer 2 different widths of belts (35mm & 40mm) and to interchange the buckles and leathers they need to be the same width (35mm buckles won't fit 40mm leathers).

FEEL GOOD Knowing that you are in the fight against global poverty and hunger, you won't only look good, you'll feel good.
