(Includes three 9 hole rounds with cart, tee gifts, Thursday and Friday breakfast, snacks, and two lunches for you and your guest.)

Tournament Information

Format

Tournament format is a four-ball match play; all flights are composed of teams, flighted by total team handicap index. Each team will play every other team in its flight in a 9-hole match. All matches must be played in full; remember each hold is worth 1 point.

Handicaps

Handicaps on the scorecards are 90% of your true handicap. Shots given on the scorecard are taken off the low handicap player in the foursome. Where the handicap is an uneven number, the player will receive the extra stroke on the back nine.

Scoring

Points will be awarded for each match and the teams with the highest three match total will be the flight winners. All flight winners will advance to the shootout on Friday afternoon.

Point Distribution

A total of 9 points will be awarded for each 9-hole match. Points are based on the team's net ball:

1 point for winning the hole
1/2 point for halving a hole

Ties

All ties for flight winners will be decided by the team's head-to-head match. If the teams have tied their head-to-head match, the winner will be decided by a playoff.

For other important information and rules please refer to the sheet distributed during the event.
